To order assembled extension jambs for any vinyl window manufacturer **add \$10 list** per window for assembly. Any extension jambs taken from this section must use your corresponding wood moulding multiplier.

Example (2/6 x 4/6 Single Double Hung with 6-9/16" S. Maple PF Jambs) $3 + 3 + 5 + 5 = 16lf$
Assume that for a vinyl window to achieve a 6-9/16" wall depth you need a 4-11/16" wood extension jamb.
To Order with PF Maple Jambs take $9.68 \times 16lf = 154.88$ list for this window Plus \$10 to assemble.

For All Vinyl Window Manufacturer's:

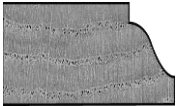

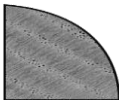

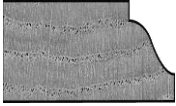

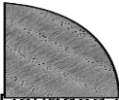

McMahon and Company will provide preassembled Window Extension Jambs to your specifications. Please provide us with Inside of Jamb to Inside of Jambs dimensions and the actual depth of the extension jamb. Extensions jambs shipped to your specifications cannot be cancelled or returned once they have been built.

Window Sills:

To Order Window Sills please specify either OG Edge or Rounded Edge. You must also specify actual width of Sill and Depth required. McMahon and Company will premanufacture casing aprons. Please select the casing profile desired at time of order.

All window sills are premachined with edge of your choice, OG or Rounded. Each window sill is beveled at 22.5° on the edge toward the window and relief cut on back to prevent sill from cupping and splitting.

Wall Caps:

To Order Premachined Wall Caps specify either OG Edge or Rounded Edge. You must specify actual width of Wall Cap. Wall Caps can be manufactured with rounded corners please specify at time of order.

All wall caps are premachined with edge of your choice and relief cut on back to prevent cap from cupping and splitting.
